## 1. Introduction and Overview

### Rationale

#### The purpose of this policy is to:

- Set out the key principles expected of all members of the school community at Stalmine Primary School with respect to the use of IT-based technologies.
- Safeguard and protect the children and staff.
- Assist school staff working with children to work safely and responsibly with the Internet and other IT and communication technologies and to monitor their own standards and practice.
- Set clear expectations of behaviour and/or codes of practice relevant to responsible use of the Internet for educational, personal or recreational use for the whole school community.
- Have clear structures to deal with online abuse such as online bullying.
- Ensure that all members of the school community are aware that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken.
- Minimise the risk of misplaced or malicious allegations made against adults who work with students.

**The main areas of risk for our school community can be summarised as follows:**

## Content

- Exposure to inappropriate content
- Lifestyle websites promoting harmful behaviours
- Hate content
- Content validation: how to check authenticity and accuracy of online content

## Contact

- Grooming (sexual exploitation, radicalisation etc.)
- Online bullying in all forms
- Social or commercial identity theft, including passwords

## Conduct

- Aggressive behaviours (bullying)
- Privacy issues, including disclosure of personal information
- Digital footprint and online reputation
- Health and well-being (amount of time spent online, gambling, body image)
- Sexting
- Copyright (little care or consideration for intellectual property and ownership)

## Scope

This policy applies to all members of Stalmine Primary School community (including staff, students/pupils, volunteers, parents/carers, visitors, community users) who have access to and are users of School IT systems, both in and out of Stalmine Primary School.

## **Communication:**

The policy will be communicated to staff/pupils/community in the following ways:

- Policy to be posted on the school website.
- Policy to be part of school induction pack for new staff.
- Regular updates and training on online safety for all staff.
- Acceptable use agreements discussed with staff and pupils at the start of each year. Acceptable use agreements to be issued to whole school community, on entry to the school.

## **Handling Incidents:**

- The school will take all reasonable precautions to ensure online safety.
- Staff and pupils are given information about infringements in use and possible sanctions.
- Head Teacher (DSL) acts as first point of contact for any incident.
- Any suspected online risk or infringement is reported to Head Teacher (DSL) that day
- Any concern about staff misuse is always referred directly to the Headteacher, unless the concern is about the Headteacher in which case the complaint is referred to the Chair of Governors and the LADO (Local Authority's Designated Officer).

## **Review and Monitoring**

The online safety policy is referenced within other school policies (e.g. Safeguarding and Child Protection policy, Anti-Bullying policy, PSHE, Computing policy).

- The online safety policy will be reviewed annually or when any significant changes occur with regard to the technologies in use within the school
- There is widespread ownership of the policy and it has been agreed by the Teaching Staff and approved by Governors. All amendments to the school online safety policy will be disseminated to all members of staff and pupils.

## 2. Education and Curriculum

### Pupil online safety curriculum

This school:

- has a clear, progressive online safety education programme as part of the Computing curriculum/PSHE and other curriculum areas as relevant. This covers a range of skills and behaviours appropriate to their age and experience;
- plans online use carefully to ensure that it is age-appropriate and supports the learning objectives for specific curriculum areas;
- will remind students about their responsibilities through the pupil Acceptable Use Agreement(s);
- ensures staff are aware of their responsibility to model safe and responsible behaviour in their own use of technology, e.g. use of passwords, logging-off, use of content, research skills, copyright;
- ensures that staff and pupils understand issues around plagiarism; how to check copyright and also know that they must respect and acknowledge copyright/intellectual property rights;
- ensure pupils only use school-approved systems and publish within appropriately secure / age-appropriate environments.

### Staff and governor training

This school:

- makes regular training available to staff on online safety issues and the school's online safety education program;
- provides, as part of the induction process, all new staff [including those on university/college placement and work experience] with information and guidance on the Online Safety Policy and the school's Acceptable Use Agreements.

### Parent awareness and training

This school:

- provides information for parents which includes online safety;
- offers online safety advice and guidance for parents.

## 3. Expected Conduct and Incident management

### Expected conduct

In this school, all users:

- are responsible for using the school IT and communication systems in accordance with the relevant Acceptable Use Agreements;
- understand the significance of misuse or access to inappropriate materials and are aware of the consequences;
- understand it is essential to reporting abuse, misuse or access to inappropriate materials and know how to do so;
- understand the importance of adopting good online safety practice when using digital technologies in and out of school;
- know and understand school policies on the use of mobile and hand held devices including cameras;

### Staff, volunteers and contractors

- know to be vigilant in the supervision of children at all times, as far as is reasonable, and uses common-sense strategies in learning resource areas where older pupils have more flexible access;
- know to take professional, reasonable precautions when working with pupils, previewing websites before use; using age-appropriate (pupil friendly) search engines where more open Internet searching is required with younger pupils;

### Parents/Carers

- should provide consent for pupils to use the Internet, as well as other technologies, as part of the online safety acceptable use agreement form;
- should know and understand what the school's 'rules of appropriate use for the whole school community' are and what sanctions result from misuse.

## **Incident Management**

In this school:

- there is strict monitoring and application of the online safety policy and a differentiated and appropriate range of sanctions;
- all members of the school are encouraged to be vigilant in reporting issues, in the confidence that issues will be dealt with quickly and sensitively, through the school's escalation processes;
- support is actively sought from other agencies as needed (i.e. the local authority, UK Safer Internet Centre helpline, CEOP, Police, Schools' Safeguarding Team) in dealing with online safety issues;
- monitoring and reporting of online safety incidents takes place and contribute to developments in policy and practice in online safety within the school;
- parents/carers are specifically informed of online safety incidents involving young people for whom they are responsible;
- the Police will be contacted if one of our staff or pupils receives online communication that we consider is particularly disturbing or breaks the law;
- we will immediately refer any suspected illegal material to the appropriate authorities – Police, Internet Watch Foundation and inform the LA.

## **4. Managing IT and Communication System**

### **Internet access, security (virus protection) and filtering**

This school:

- informs all users that Internet/email use is monitored;
- has the educational filtered secure broadband connectivity through the BT filtering.
- uses the BT Lightspeed filtering system which blocks sites that fall into categories (e.g. adult content, race hate, gaming). All changes to the filtering policy are logged and only available to staff with the approved 'web filtering management' status;
- ensures network health through use of Sophos anti-virus software.
- Uses LA approved systems 'Secure Mail' to send 'protect-level' (sensitive personal) data over the Internet
- Uses encrypted devices or secure remote access where staff need to access 'protect-level' (sensitive personal) data off-site;
- Works in partnership with BT Lightspeed to ensure any concerns about the system are communicated so that systems remain robust and protect students.

### **Network management (user access, backup)**

Reviewed September 2017

This school

- Uses individual, audited log-ins for all users created by Virtue Technology Team
- Ensures the Systems Administrator/network manager is up-to-date with BT Lightspeed services and policies/requires the Technical Support Provider to be up-to-date with these services and policies;
- Uses secure, 'Cloud' storage for data back-up that conforms to [DfE guidance](#);
- Storage of all data within the school will conform to the EU and UK data protection requirements; Storage of data online, will conform to the [EU data protection directive](#) where storage is hosted within the EU.

To ensure the network is used safely, this school:

- Ensures staff read and sign that they have understood the school's online safety Policy. Following this, they are set-up with Internet, email access and network access. School network access is through a unique username and password.
- From November 2017 all KS2 pupils will have their own unique username and password which gives them access to the school computer system;
- Makes clear that no one should log on as another user and makes clear that pupils should never be allowed to log-on or use teacher and staff logins;
- Has set-up the network with a shared work area for pupils and one for staff. Staff and pupils are shown how to save work and access work from these areas;
- Requires all users to log off when they have finished working or are leaving the computer unattended;
- Ensures all equipment owned by the school and/or connected to the network has up to date virus protection;
- Makes clear that staff are responsible for ensuring that any computer or laptop loaned to them by the school, is used primarily to support their professional responsibilities.
- Makes clear that staff accessing LA systems do so in accordance with any Corporate policies; e.g. Borough email or Intranet; finance system, Personnel system etc.
- Maintains equipment to ensure Health and Safety is followed;
- Has a clear disaster recovery system in place that includes a secure, remote off site back up of data;
- This school uses secure data transfer; this includes DfE secure S2S website for all CTF files sent to other schools;
- Ensures that all pupil level data or personal data sent over the Internet is encrypted or only sent within the approved secure system in our LA.
- Our wireless network has been secured to industry standard Enterprise security level /appropriate standards suitable for educational use;

- All IT and communications systems installed professionally and regularly reviewed to ensure they meet health and safety standards;

## **Password policy**

- This school makes it clear that staff and pupils must always keep their passwords private, must not share with others; If a password is compromised the school should be notified immediately.
- All staff have their own unique username and private passwords to access school systems. Staff are responsible for keeping their password(s) private.
- We require staff to use strong passwords which must contain upper lower case letters and/or another character.
- We require staff to change their passwords into email accounts every 90 days.

## **E-mail**

### **This school**

- Provides staff with an email account for their professional use, email and makes clear personal email should be through a separate account;
- Will contact the Police if one of our staff or pupils receives an e-mail that we consider is particularly disturbing or breaks the law.
- Will ensure that email accounts are maintained and up to date
- We use a number of BTLS provided technologies to help protect users and systems in the school, including desktop anti-virus product Sophos, plus direct email filtering for viruses.

### **Pupils:**

- Pupils are taught about the online safety and 'netiquette' of using e-mail both in school and at home.

### **Staff:**

- Staff can only use the LA e mail systems on the school system
- Staff will use LA e-mail systems for professional purposes
- Access in school to external personal e mail accounts may be blocked

### **School website**

- The Headteacher, supported by the Governing body, takes overall responsibility to ensure that the website content is accurate and the quality of presentation is maintained;
- The school web site complies with statutory DFE requirements;

- Most material is the school's own work; where other's work is published or linked to, we credit the sources used and state clearly the author's identity or status;
- Photographs published on the web do not have full names attached. We do not use pupils' names when saving images in the file names or in the tags when publishing to the school website;

## **Cloud Environments**

- Uploading of information on the schools' online learning space is shared between different staff members according to their responsibilities e.g. all class teachers upload information in their class areas;
- Staff upload photographs and videos to Dojo/Tapestry
- In school, pupils are only able to upload and publish within school approved 'Cloud' systems.

## **Social networking**

### **Staff, Volunteers and Contractors**

- Staff are instructed to always keep professional and private communication separate. Refer to Social Media Policy.
- Teachers are instructed not to run social network spaces for student use on a personal basis or to open up their own spaces to their students, but to use the schools' preferred system for such communications. Class Dojo.
- for the use of any school approved social networking will adhere to school's social communications policy.

### **School staff will ensure that in private use: Refer to Social Media Policy.**

- No reference should be made in social media to students/pupils, parents/carers or school staff;
- School staff should not be online friends with any pupil/student. Any exceptions must be approved by the Headteacher.
- They do not engage in online discussion on personal matters relating to members of the school community;
- Personal opinions should not be attributed to the school or local authority and personal opinions must not compromise the professional role of the staff member, nor bring the school into disrepute;
- Security settings on personal social media profiles are regularly checked to minimise risk of loss of personal information.

### **Pupils:**

- Are taught about social networking, acceptable behaviours and how to report misuse, intimidation or abuse through our online safety curriculum work.
- Students are required to sign and follow our [age appropriate] pupil Acceptable Use Agreement.

### **Parents:**

- Parents are reminded about social networking risks and protocols through our parental Acceptable Use Agreement and additional communications materials when required.
- Are reminded that they need to ask permission before uploading photographs, videos or any other information about other people.

### **Instant Messaging or VOIP**

- Instant messaging systems, eg. Text messaging, Skype, Facetime, are popular communication tools with both adults and children. They can provide an opportunity

to communicate in 'real time' using text, sound and video. BTLS 'blocks' some of these sites by default, but access can be changed at the request of the Headteacher.

- Staff and children need to be aware of the risks involved in this technology, e.g. viewing inappropriate images or making unsuitable contacts
- Staff are allowed to use school iPad's to communicate with personal contacts e.g. through Facetime, Facebook, messenger etc.
- Staff contact parents through the schools system 'Dojo'. Parents contact staff through this system too. Parents will be reminded that staff will be able to contact during working hours and will be unavailable during their own time.

## 5. Data security: Management Information System access and Data transfer

### Strategic and operational practices

At this school:

- The Head Teacher is the Senior Information Risk Officer (SIRO).
- Staff are clear who are the key contact(s) for key school information (the Information Asset Owners) are. We have listed the information and information asset owners.
- We ensure staff know who to report any incidents where data protection may have been compromised.
- All staff are DBS checked and records are held in a single central record

### Technical Solutions

- Staff have secure area(s) on the network to store sensitive files. (H drive)
- We require staff to log-out of systems when leaving their computer.
- Our server is in a lockable location and managed by DBS-checked staff. (Main office)
- Details of all school-owned hardware will be recorded in a hardware inventory.
- Details of all school-owned software will be recorded in a software inventory to be completed by IT Technician.
- Disposal of any equipment will conform to [The Waste Electrical and Electronic Equipment Regulations 2006](#) and/or [The Waste Electrical and Electronic Equipment \(Amendment\) Regulations 2007](#). [Further information](#) can be found on the Environment Agency website. School uses LCSW and IT technician arranges collection of equipment needed to be disposed of.
- Where any protected or restricted data has been held we get a certificate of secure deletion for any server that once contained personal data.

## 6. Equipment and Digital Content

### Mobile Devices (Mobile phones, tablets and other mobile devices)

- Mobile devices brought into school are entirely at the staff member, students & parents or visitors own risk. The School accepts no responsibility for the loss, theft or damage of any phone or hand held device brought into school.
- If students bring a mobile phone or personally-owned device into school the device will need to be taken to the office and handed in before going to the playground and it will be locked in a filing cabinet until the end of the day.
- Personal mobile devices will not be used during lessons or formal school time unless as part of an approved and directed curriculum-based activity with consent from Headteacher.
- The Bluetooth or similar function of a mobile device should be switched off at all times and not be used to send images or files to other mobile devices.
- Personal Mobile devices should be switched off or silent at all times.
- No images or videos should be taken on mobile devices without the prior consent of the person or people concerned.
- Staff members may use their phones during school break times.
- All visitors are requested to keep their phones on silent.
- The School reserves the right to search the content of any mobile devices on the school premises where there is a reasonable suspicion that it may contain illegal or undesirable material, including pornography, violence or bullying. Staff mobiles devices may be searched at any time as part of routine monitoring.
- If a student needs to contact his or her parents or carers, they will be allowed to use a school phone. Parents are advised not to contact their child via their mobile phone during the school day, but to contact the school office.

### Students' use of personal devices

- The School strongly advises that student mobile phones and devices should not be brought into school.
- The School accepts that there may be particular circumstances in which a parent wishes their child to have a mobile phone for their own safety. In such a case the device will be stored in the office.
- Phones, Smart watches and devices must not be taken into tests. Students found in possession of a mobile device during test will be reported to the relevant authority.
- Students should protect their phone numbers by only giving them to trusted friends and family members. Students will be instructed in safe and appropriate use of mobile phones and personally-owned devices and will be made aware of boundaries and consequences.

## Staff use of personal devices

- Staff handheld devices, including mobile phones and personal cameras must not be used, **under any circumstances**, within the EYFS department and must be kept either in the school office or must be inside a bag and not removed at all whilst within the department.
- Staff are not permitted to use their own mobile phones or devices in a professional capacity, such as for contacting children, young people or their families within or outside of the setting. Dojo is set up on teacher's iPad's to contact parents/carers. It is not permitted to be used from staff mobile phones except in the occurrence of an exceptional school closure in which there is no power in school. In the event of this occurring, one senior member of staff may temporarily download the Dojo app to their mobile device to notify parents of the closure. The app must be immediately deleted once the incident is resolved.
- Staff will use own phones when off site on school visits; and take a list of contacts for emergency purposes with them.
- Mobile Phones and personally-owned devices will be switched off or switched to 'silent' mode. Bluetooth communication should be 'hidden' or switched off and mobile phones or personally-owned devices will not be used during teaching periods unless permission has been granted by the Headteacher in emergency circumstances.
- If members of staff have an educational reason to allow children to use mobile phones or a personally-owned device as part of an educational activity, then it will only take place when approved by the Headteacher.
- Staff should not use personally-owned devices, such as mobile phones or cameras, to take photos or videos of students and will only use work-provided equipment for this purpose.
- In an emergency where a staff member doesn't have access to a school-owned device, they should use their own device and hide (by inputting 141) their own mobile number for confidentiality purposes and then report the incident with the Headteacher / Designated Officer.
- If a member of staff breaches the school policy then disciplinary action may be taken.

## Digital images and video

### In this school:

- We gain parental/carer permission for use of digital photographs or video involving their child as part of the school agreement form when their daughter/son joins the school and annually thereafter.
- We do not identify pupils in online photographic materials or include the full names of pupils in the credits of any published school produced video materials/DVDs;

- Staff sign the school's Acceptable Use Policy and this includes a clause on the use of mobile phones/personal equipment for taking pictures of pupils;
- The school blocks/filter access to social networking sites unless there is a specific approved educational purpose;
- Pupils are taught about how images can be manipulated in their online safety education programme and also taught to consider how to publish for a wide range of audiences which might include governors, parents or younger children as part of their computing scheme of work;
- Pupils are advised to be very careful about placing any personal photos on any 'social' online network space. They are taught to understand the need to maintain privacy settings so as not to make public, personal information.
- Pupils are taught that they should not post images or videos of others without their permission. We teach them about the risks associated with providing information with images (including the name of the file) that reveals the identity of others and their location. We teach them about the need to keep their data secure and what to do if they are subject to bullying or abuse.
